ACCESS THROUGH DEPOSITORIES CDSL/NSDL E-VOTING SYSTEM IN CASE OF INDIVIDUAL SHAREHOLDERS HOLDING / SHARES IN DEMAT MODE

Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders / retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, hereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 one-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

MANAGEMENT DISCUSSION AND ANALYSIS**Economic Review**

The global economy experienced moderate growth during the financial year 2023-24. Despite challenges such as geopolitical tension, inflationary pressures, and supply chain disruptions, the real estate sector remained resilient, adapting to shifting market dynamics and consumer behaviors. The Indian Economy showed a steady recovery post pandemic with a focus on infrastructure development, urbanization, and favorable government policies which bolstered the real estate market

The Indian economy has had a smooth sailing so far in 2023 due to sustained GDP growth and reducing inflationary pressures; the central bank also shifted its stance to support growth. However, global financial volatility and subdued business sentiment may pose some challenges. As GDP growth in Q1 belied expectations, a few agencies decided to raise their F.Y 2023-24 growth forecasts for India, while other continued to lower their projections in view of the global macroeconomics turmoil. Currently, most agencies peg the country's growth in the range of 5.56.5%.

The real estate sector continues to grow at a scorching pace. With the entering of new global property developers into Indian market during the past few years, India offers a good opportunity in the real estate sector.

While the short-term outlook seems challenging given external supply shocks and geopolitical tension, we do believe the government is doing the right things to ensure a sustainable growth path for the country. The union budget presented this year was very supportive of the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The government's sharply expanded capital expenditure target for the year is expected to create job opportunities and higher economic activity.

Real Estate Sector

Indian real estate sector has witnessed high growth in the recent times with rise in demand for office as well as residential spaces. The Private Equity investments in India's real sector, stood at US\$ 4.2 billion in 2023. The Securities and Exchange Board of India lowered the minimum application value for Real Estate Investment Trusts from Rs. 50,000 (US\$ 685.28) to Rs. 10,000/15,000 (US\$ 137.06-205.59) to make the market more accessible to small and retail investors.

Construction is the third largest sector in terms of FDI inflow. FDI in sector (including construction development & activities) stood at US\$ 58.5 billion from April 2000- September 2023.

Some of the major investments and developments in this sector are as follows:

(i) In 2023, luxury home sales in India priced at Rs. 4 crore (US\$ 481,927) and surged by 75%, doubling their share in total housing sales.

(ii) The Indian real estate sector witnessed strong private equity (PE) investment of US\$ 1.92 billion in second quarter of 2023, demonstrating investor confidence in the market. According to the most recent investment report Cushman & Wakefield, this was 63% higher than the previous quarter (first quarter of 2023) and 60% higher than the same time last year.

(iii) Transactions for office spaces in April – June 2023, which totalled 14.8 million square feet, represented the highest quarterly figure recorded since first quarter 2021.

(iv) As of June 5, 2023, 119.7 lakh houses have been sanctioned and 74.75 houses have been completed and delivered to urban poor under the Pradhan Mantri Awas Yojana- Urban (PMAY-U).

Government Initiatives

The union budget presented this year was supportive of the long-term growth of the real estate sector in India through its focus on urban infrastructure and the digital economy. The Government's rising focus on infrastructure capex will create a backdrop of opportunity for the real estate sector. Some of the key measures include Housing for all, Urban Development Plan, Digitalization of Land Records, Withdrawal of Interest Deduction Benefit for Affordable Housing etc.

The introduction of **Real Estate Regulatory Authority (RERA)** regulations has improved transparency and accountability, boosting confidence among consumers and investors. However, challenges persist, particularly in regulatory compliance and procedural inefficiencies. Delays in approvals and adherence to regulations can prolong project timelines and increase cost, emphasizing the need to navigate regulatory framework efficiently. Stakeholders must stay vigilant and adaptable amidst the changing economic and regulatory environment. Compliance with RERA guidelines remains crucial for maintaining consumer trust and market integrity. Additionally, streamlining regulatory processes and addressing compliance hurdle are essential to mitigate project risks and ensure operational efficiency. By proactively tackling these challenges, the real estate industry can maximize its growth potential and resilience amid economic uncertainties and regulatory complexities

The Central Government continued its focus on boosting availability of affordable homes under the Pradhan Mantri Awas Yojana (PMAY). The establishment of the Special Window for Affordable and Mid-Income Housing (SWAMIH) fund proved beneficial in enabling completion of stuck projects by providing last mile funding for such projects. The completion and turnaround of such stuck projects may be a sentiment booster for the industry.

Operational Review

During the year under review, the turnover of the company has increased to Rs.9348.27 Lakhs as compared to previous year turnover of Rs. 4024.04 Lakhs, the profits has increased to Rs.319.29 Lakhs as compared to previous year Profit of Rs.135.09 Lakhs, The Earning per Share ('EPS') for the year is Rs. 0.64 as compared to Rs. 0 in the previous year.

Opportunities

The Indian residential sector has been on a roll in the first half of 2023 with both housing sales and new launches scaling new heights. Housing sales across the top 7 cities in H1 2023 have already reached over 63% of the total sales in entire 2022 despite rise in both interest rates and housing prices. This itself indicates the undeterred demand for housing across the top 7 cities & and looking at the present scenario, it is very likely that similar growth trends may continue in the second half of 2023 as well. Many factors point towards this anticipated growth in the residential segment in the second half as well.

Risk and Threats:

Though the industry is in the early stages of a multi-year up cycle, we continue to keep a watchful eye for any of the following challenges which, if they fructify, will impact this upward trajectory:

- High input cost increase due to geopolitical tensions or otherwise
- Steep increase in interest rates in general and mortgage rates in particular
- Significant economic slowdown in India

Segment Wise or Product Wise Performance

The Company is operating in a single segment and has only domestic sales. Therefore the requirement of segment wise reporting is not applicable.

Internal Control Systems and Adequacy:

The Company has an appropriate internal control system for its various functions with the ultimate objective of improving efficiency in its operations, better financial management and Compliance with regulations and applicable laws and providing protection against misuse or losses from unauthorized use or deposition.

An internal control framework to ensure all assets are safeguarded and protected against loss from unauthorized use or disposition, and transactions are authorized, recorded and reported correctly. The framework includes internal controls over financial reporting, which ensures the integrity of financial statements of the company and reduces the possibility of frauds

Human Resources

The Company provides a work environment that encourages free expression of opinion, decision making and responsible execution of the task. We are committed to attract, retain and recognize talent. Being entrepreneurial in spirit, we encourage fresh minds and innovative ideas. We believe that our integrated yet decentralized way of working provides our employees with the opportunity to develop leadership capabilities and business acumen. They gain valuable insights by balancing professional knowledge with perspectives learned through industry experience and customer relationships

Business Outlook

Post-pandemic, developers have moved away from the traditional way of doing business and rightly focused on end-user customer demand with a strong focus on innovation and digital transformation. We believe FY 2023-24 will witness a healthy sales momentum backed by solid structural foundation, sustained demand and relatively affordable mortgage rates. Financially strong and reputed developers with superior execution capabilities stand to benefit disproportionately from the ongoing cyclical upturn.

We expect to further scale our sales momentum in FY 2023-24, given our exciting launch pipeline and robust balance sheet. We look forward to adding a projects to our portfolio in FY 2023-24, which is amongst our top priorities and which will enable us to grow rapidly going ahead.

Cautionary Statement

Statement in the management discussion and analysis describing the company's objectives, estimates, projections and expectation may be forward looking statements within the meaning of applicable laws and regulations. Actual results could differ materially due to economic conditions affecting demand, supply, prices, changes in government policies, tax laws and other incidental factors.

INDEPENDENT AUDITORS' REPORT

To
The Members of Rainbow Foundations Limited

Report on the audit of the financial statements**Opinion**

We have audited the financial statements of Rainbow Foundations Limited ("the Company"), which comprise the balance sheet as at March 31, 2024, and the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, of the state of affairs of the Company as at March 31, 2024, and its profit (including other comprehensive income), changes in equity, and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<p>Accuracy of recognition, measurement, presentation, and disclosures of revenues and related balances in accordance with Ind AS 115 "Revenue from Contracts with Customers"</p> <p>Accounting for construction contracts under Ind AS 115 involves significant judgment, particularly in estimating the total revenue and costs associated with each contract, the stage of</p>	<p>Our audit procedures in this area included:</p> <ul style="list-style-type: none"> - Evaluating the Company's adoption of Ind AS 115, including the appropriateness of the accounting policies and methodologies applied. - Testing the design and operating effectiveness of key controls related to revenue recognition, contract cost estimation, and the identification of variable consideration. - Reviewing the Company's process for estimating total

<p>completion, and the timing of revenue recognition. The Company recognizes revenue and profit, or loss based on the stage of completion, which is determined by the proportion of contract costs incurred to date relative to the total estimated costs of the contract. Estimating the total costs of each contract requires management to make judgments about cost contingencies, which include allowances for specific uncertain risks and potential claims against the Company. These estimates are reviewed regularly by management and adjusted as necessary. Additionally, the recognition of variable consideration, such as variations and claims, involves assessing the likelihood of reversal, which requires careful judgment by management.</p>	<p>contract costs, including the assumptions and judgments made by management.</p> <ul style="list-style-type: none"> - Performing substantive testing on a sample of contracts, including recalculating the stage of completion, assessing the reasonableness of estimated costs to complete, and evaluating the recognition of revenue and variable consideration. - Inspecting documentation, including contracts, variation orders, and claims, to verify the appropriateness of management’s estimates and judgments. - Assessing the disclosures made in the financial statements related to revenue recognition to ensure they meet the requirements of Ind AS 115.
<p>Valuation of Work-in-Progress (WIP) and Inventories</p> <p>The valuation of work-in-progress and inventories is a significant area of estimation in the financial statements due to the judgment required in determining the stage of completion of projects and the allocation of costs. The Company’s work-in-progress includes costs that have been incurred for projects that are in progress, and these costs must be accurately allocated to determine the profit or loss associated with each project. Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Rules, 2016, as amended from time to time, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” to the Independent Auditor’s Report.

Referred to in paragraph 1 under ‘Report on other legal and regulatory requirements’ section of our report to the members of M/s RAINBOW FOUNDATIONS LIMITED, for the year ended 31st March 2024 and in terms of the information and explanations given to us and on the basis of such checks as we considered appropriate, we further state that:

i.	(a)	In our opinion and according to the information and explanations given to us, the Company is maintaining proper records showing full particulars, including quantitative details and situation of property, plant and equipment. In our opinion and according to the information and explanations given to us, the Company does not have any intangible assets.						
	(b)	The property, plant and equipment of the Company were physically verified by the management during the year and there is a regular programme of verification which, in our opinion, is reasonable having regard to size of the company and nature of its assets.						
	(c)	In our opinion and according to the information and explanations given to us and based on the examination of the conveyance deeds provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.						
	(d)	The Company has not revalued its property, plant and equipment (including right of use asset) during the year. Accordingly, paragraph 3 (i) (d) of the Order is not applicable.						
	(e)	In our opinion and according to the information and explanations given to us, there are no proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, paragraph 3 (i) (e) of the Order is not applicable.						
ii.	(a)	The inventories have been physically verified by the management during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on such verification.

Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/S. **RAINBOW FOUNDATIONS LIMITED** ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls.

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2. Use of estimates

- (i) The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based on management's knowledge of current events and actions, actual results may differ from these estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and in future periods as applicable.

3. Property, Plant and Equipment and depreciation.

- i. Property, Plant and Equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets. In case of land the Company has availed fair value as deemed cost on the date of transition to Ind AS.
- ii. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.
- iii. Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.
- iv. Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress.
- v. Depreciation on property, plant, and equipment is provided on a straight-line basis over the estimated useful life of the asset as prescribed in Schedule II to the Companies Act, 2013, on the depreciable amount.

4. Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, cash at banks, short-term deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

5. Finance Costs

- (i) Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use.
- (ii) All other borrowing costs are charged to the Statement of Profit and Loss as incurred.

6. Inventories

Inventories are valued as under

- i. Land and Plots which are registered in the name of the company are valued at cost.
- ii. Constructed properties includes the cost of land, internal development costs, external development charges, construction costs, development/ construction materials, and is valued at cost or net realisable value, whichever is lower.
- iii. Work in progress includes internal development costs, external development charges, construction costs, and development / construction materials in respect to the unsold square footage.

7. Provision

- i. Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

8. Investments

- i. Investments are classified into current and non-current investments. Current investments are stated at the lower of cost and fair value. Non-current investments are stated at cost. A provision for diminution is made to recognise a decline, other than temporary, separately for each individual non-current investment.
- ii. Investments that are readily realisable and are intended to be held for not more than one year from the date, on which such investments are made, are classified as "Current investments".
- iii. All other investments are classified as "Non-current investments".

9. Revenue recognition**(i) Sale of Land & Undivided Share of Land (UDS)**

1. Sale of land and UDS (excluding land under agreement to sell) is recognised in the financial year in which the sale deed is executed.

(ii) Revenue from Construction Contracts:

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 01 April 2018.

1. The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised good or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. A performance obligation is satisfied over time if the customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs. In cases where performance obligations are not satisfied over time, they are satisfied at a point in time, which is when control of the goods or services is transferred to the customer. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

2. Transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods or service to a customer excluding amounts collected on behalf of a third party. Variable consideration is estimated using the expected value method or most likely amount as appropriate in a given circumstance. Payment terms agreed with a customer are as per business practice and there is no financing component involved in the transaction price.

3. Costs to obtain a contract which are incurred regardless of whether the contract was obtained are charged-off in Statement of Profit and Loss immediately in the period in which such costs are incurred. Incremental costs of obtaining a contract, if any, and costs incurred to fulfil a contract are amortised over the period of execution of the contract in proportion to the progress measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

- (iii) Advances received from customers in respect of contracts are treated as liabilities and adjusted against progress billing as per terms of the contract.
- (iv) Amounts due from contract customers represents the amount expected to be collected from customers for completed contract work.
- (v) Interest Income
 - 1. Interest from various Short Term/ Long Term investments is recognised on time proportion basis, taking into account the amount outstanding and the rate applicable

10. Interest from customers under agreements to sell

- (j) Interest income from customers under agreements to sell or construction is recognized on a cash basis when received.

11. Cost of revenue

- (i) Land and plots development costs include land acquisition cost, internal development costs and external development charges, which are not charged to the Statement of Profit and Loss. They are carried forward as work in progress.
- (ii) Cost of constructed properties and properties under construction includes cost of land (excluding land under agreements to purchase), internal development costs, external development charges, construction costs and development/ construction materials, which is charged to the Statement of Profit and Loss based on the percentage of revenue recognised as per accounting policy (7) above, in consonance with the concept of matching costs and revenue. Final adjustment is made on completion of the applicable project.

12. Segment Reporting

- (i) The Company is managed as a single operating unit that provides Property Development Services only and therefore, has only one reportable business segment. Further, the operations of the Company are limited within one geographical segment. Hence the disclosure required by this standard is presently not applicable to the Company.

13. Tax Expenses

- (i) The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.
- (ii) Current Tax
 - Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.
- (iii) Deferred Tax
 - Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets are recognised to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilised.
 - Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period

in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

14. Employee Benefits

- (i) **Defined Contribution Plan**
The company is not liable for contributions to defined contribution schemes such as provident fund, employees' state insurance, labour welfare fund and superannuation scheme.
- (ii) **Short-term Benefits**
Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the period in which the related service is rendered.

15. Contingent liabilities

- (i) Depending upon the facts of each case and after due evaluation of legal aspects, claims against the Company not acknowledged as debts are treated as contingent liabilities. In respect of statutory dues that are disputed and contested by the Company, contingent liabilities are disclosed but not provided for.

16. Earnings per share

- (i) Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period are adjusted for events including a bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares).
- (ii) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

30. Disclosure as per Ind AS 115

a. The Company is engaged in the development, construction, and sale of residential and commercial properties. Revenue from contracts with customers is recognized over time using the percentage of completion method, which reflects the extent of progress toward completion of the performance obligations. The progress is measured based on costs incurred relative to the estimated total costs of the project. This approach ensures that revenue is recognized as control of the goods or services is progressively transferred to the customers, in accordance with the terms of the contract.

(b) Disaggregation of revenue from contracts with customers

In the following table, revenue from contracts with customers is disaggregated by primary geographical area.

Particulars	in Rupees	
	31-Mar-24	31-Mar-23
Primary geographical markets		
India	9,34,827.90	4,02,404.62
Total	9,34,827.90	4,02,404.62

This disaggregation of revenue helps to provide insight into the different economic factors affecting revenue recognition in each region

(c) Contract balances

The following table provides information about receivables, contract assets and contract liabilities from contracts with customers

Particulars	in Rupees	
	31-Mar-24	31-Mar-23
Receivables which are included in Trade and other receivables		
Contract assets		
- Amount due from customers on construction contract	6,08,799.18	4,43,805.47
- Accrued value of work done net off provision	0.00	0.00
Contract liabilities		
- Amount due to customers under construction contracts	6,42,743.75	7,03,734.81
- Advance from clients	0.00	0.00

Contract Assets: Contract assets represent the Company's right to consideration for work completed but not yet billed as of the reporting date. These assets are reclassified to receivables when the right to payment becomes unconditional, typically upon the issuance of an invoice to the customer. For the period ended 31 March 2024, an assessment was conducted in accordance with Ind AS 109, and no impairment of contract assets was recognized.

Contract Liabilities: Contract liabilities primarily consist of advance payments received from customers for residential and commercial units under construction. Revenue related to these contract liabilities is recognized over time using the Percentage of Completion method, as the Company progresses towards fulfilling its performance obligations under the contract.

Amounts Due from Contract Customers: These represent the gross unbilled amounts expected to be collected from customers for work performed up to the reporting date. The amount is measured at cost plus profit recognized to date, less progress billings and recognized losses, if any.

Amounts Due to Contract Customers: These represent the excess of progress billings over the revenue recognized (including attributable profits) for the contract work performed to date. The measurement of these amounts includes all costs directly attributable to specific projects, as well as an allocation of fixed and variable overheads incurred in the Company's contract activities, based on normal operating capacity.

31	Financial Instruments, Financial Risk and Capital Management
31.1	Initial recognition
	The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.
31.2	Subsequent measurement
	(a) Financial assets carried at amortized cost
	A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
	(b) Financial assets at fair value through other comprehensive income (FVOCI)
	A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
	(c) Financial assets at fair value through profit or loss

	A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.				
	(d) Financial liabilities				
	Financial liabilities are subsequently carried at amortized cost using the effective interest method,				
31.3	Fair value of financial instruments				
	In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.				
31.4	In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.				
	Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.				
	Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).				
	Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.
